Design & artwork

The print area 'wraps' around the body of the bottle. You don't have to 'fill' this but your artwork must stay within this print boundary. You could have your logo both 'sides' or other text such as a school motto or a pupils design. Happy designing!

Print area is 220 x 90 mm

Artwork guidelines:
- Ideally please supply vector artwork. These are .AI/.EPS/.PDF files. We can help you with this if you don't have access to vector files. (Set-up fee may apply)
- Convert all fonts to outlines/paths
- Include all the correct copy you require

Once you place an order you will be sent a visual 'mock up' of your mug to approve before production begins so you are 100% happy with your design.
